

## Keeping Pools Safer & Open

We believe we can make a difference by encouraging more aquatic activity, making pools safer, and keeping them open. We do this by offering educational materials, and programs that are technically sound, convenient, and beautifully designed. Our products are designed to deliver excellence in education and cutting-edge research.

Boost your credibility by taking this class and learning the critical information to help reduce risk and improve water quality.

## Certified Pool & Spa Operator<sup>SM</sup> Certification Training

# One Certification Has Achievement Written All Over It

**Grab your spot in the most adopted  
pool operator course in the world**

### Why a CPO<sup>SM</sup> Certification?

The PHTA Certified Pool & Spa Operator<sup>SM</sup> Certification is recognized by local and state authorities as the most widely-accepted, verifiable pool and spa training credential. Each year, more than 30,000 professionals learn how to more efficiently operate safer aquatic facilities with this program. The CPO<sup>SM</sup> Certification is valid for five years. This is an approved National Environmental Health Association course which will earn you 16 CEUs.

### The CPO<sup>SM</sup> Certification course will help you understand how to:

- Operate a pool more easily and efficiently — saving time and money.
- Reduce chemical, electrical, biological, and physical hazards — protecting users and employees.
- Comply to key safety regulations — reducing liability and risk of closure.

## How to Earn Your CPO<sup>SM</sup> Certification

CPO<sup>SM</sup> Certification training is offered in two formats for busy professionals:

1. A two-day course in a classroom setting
2. The blended approach: Pool Operator Primer online class followed by Pool Operator Fusion one-day in-classroom learning

CPO<sup>SM</sup> Certification requires successful completion of classwork and exam. Both formats include the chief industry resource PHTA Pool & Spa Operator Handbook, also available in Spanish.

### Did you know?

CPO<sup>SM</sup> certification is required in 24 states for licensure and approved in 48 states for licensure.
